

I. ABOUT US

MILLION PACKAGING COMPANY LIMITED is a leading manufacturer of plastic bags in Vietnam. Our range of products is very various in merchandise bags specially for supermarkets, bakeries, bookstores, restaurants, grocery stores, etc...for export to many countries in the world.

Founded in August 26, 2016 under name of MILLION PACKAGING COMPANY LIMITED, we are moving up consistently with a relevant team from all experienced founders and staff from an experienced manufacturer of plastic bag. With more than 17-year experience in the plastic industry inclusive printing and design, we not only maintain consistent quality for valuable customers but also consult and design the best for their packaging need's satisfaction.

With slogan "not only packaging", we always want to serve all the customers with not only good quality of bags but also other added values as our commitment.

II. MARKETING

1. Main markets:

Most of our qualified products are worldwide being shipped into the United States of America, Australia, Spain, Denmark, UK, France, Japan and some marketshare in Vietnam. Our range of products have been being supplied to most famous companies, bakeries, bookstores, liquor stores, clothing stores, fashion shops and supermarkets in the world such as Walmart, Kentucky Fried Chicken, Duane Reade, eFollett, G7 café, Trung Nguyen Coffee, Vedan, Nevaplast etc.

MILLION PACKAGING's products also spread out in many other areas of the world such as European countries and African countries (Gambia, Senegal...).

2. Main products:

A well-equipped infrastructure in a good investment condition enables us to diversify our good quality products.

a. T-Shirt bag and/or shopping bag:

2.1.a. Printed T-Shirt Plastic Bag

Material: HDPE (High Density Polyethylene) **White** Plastic Bags

Printing: 1 color 1 side (red) with suffocation warning

For Grocery, Liquor Store, Clothing Store, etc.

Item #	Size & Thick	Case Count	Case Weight - Lb. (Gross)
TSTYM	10"x5"x19"x0.47mil (12 mic)	1500	15 lbs
TSTYL	11.5" x 6.5"x22" x 0.51mil. (13 mic)	900	11.5 lbs
TSTYXL	15" x 7"x26" x 0.59mil. (15 mic)	900	18 lbs
TSTYXXL	18" x 8"x27" x 0.63mil. (16 mic)	900	20 lbs

2.1.b. Plain T-Shirt Plastic Bag

Material: HDPE (High Density Polyethylene) **White** Plastic Bags

Printing: 1 color 1 side "Suffocation Warning" Only

For Grocery, Liquor Store, Clothing Store, etc.

Item #	Size & Thick	Case Count	Case Weight - Lb. (Gross)
TSWT	6"x4"x15"x0.43mil (11 mic)	1700	9 lbs
TSWS	8"x4"x16"x0.47mil (12 mic)	1700	10 lbs
TSWM	10"x5"x19"x0.47mil. (12 mic)	1700	14 lbs
TSWL	11.5"x6.5"x22"x0.51mil. (13 mic)	900	11.5 lbs
TSWXL	15"x7"x26"x0.59mil. (15 mic)	900	18 lbs
TSWXXL	18"x8"x27"x0.63mil. (16 mic)	900	20 lbs

2.1.c. Warning T-Shirt Plastic Bag

Material: HDPE (High Density Polyethylene) **Black** Plastic Bags

Printing: 1 color 1 side "Suffocation Warning" Only

For Grocery, Liquor Store, Clothing Store, etc.

Item #	Size & Thick	Case Count	Case Weight - Lb. (Gross)
TSBT	6"x4"x15"x0.43mil (11 mic)	1700	9 lbs
TSBS	8"x4"x16"x0.47mil (12 mic)	1700	10 lbs
TSBM	10"x5"x19"x0.47mil. (12 mic)	1700	14 lbs
TSBL	11.5"x6.5"x22"x0.51mil. (13 mic)	900	11.5 lbs
TSBXL	15"x7"x26"x0.59mil. (15 mic)	900	18 lbs
TSBXXL	18"x8"x27"x0.63mil. (16 mic)	900	20 lbs

2.1.d. Custom Printing T-Shirt Plastic Bag

Material: HDPE (High Density Polyethylene) **White** Plastic Bags

Size & Thickness: 12" (Width) x 7" (side gusset) x 22" (height) x 0.6mil (15.24 mic)

Printing: 1 color 1 side

Ink coverage: 10" x 10" maximum print area or 25% ink coverage on the bag surface. Any extra coverage shall be billed to your account at US\$3.20 per ton for extra 1%.

Packing: 1000 per case

Weight: 17 lb. per case

For Grocery, Liquor Store, Clothing Store, etc.

For Color Film: Black, Blue, Gray, Orange, Red & Yellow ADD extra US\$5.00 per 1000 bags or extra US\$75 per metric ton net.

For Metallic Film: Silver, Gold, etc. ADD extra US\$5.00 per 1000 bags or extra US\$100 per metric ton net.

(Minimum Quantity of 3,000 kilos net each item)

Color of Film based on factory standard

Printing Ink: Standard Color Only (Black, Reflex Blue, Process Blue, Green PMS 347, Dark Green PMS 349, Orange PMS 21, Pantone Purple, Red PMS 185, Rubine Red, Pantone Violet & Yellow 12)

For Special PMS Color: ADD extra US\$80.00 each color if order quantity is less than 4,000 kilos net.

Overrun Policy: 15%-20% (will bill actual quantity shipment).

Delivery: 3-4 weeks after receipt of final artwork

Valid: Prices are subject to change with or without prior notice.
60% Recyclable

b. Merchandise Bag

Merchandise Bag is also our good quality and various designed products. Die cut handle varies from round, oval, ellipse to header with holes for hanging the bag block on the racks (dispenser)...

c. Bag on Roll or Produce Roll

Produce Bag On Roll (or Produce Roll) shall be offered with or without paper core and/or PVC core. These production lines are safe for contact of foods, bakeries, vegetables use... or even for raw foods. It can be made with bottom seal or star seal.

d. Garbage Bag

In addition to the above products, full sizes of garbage bag can also be made in HDPE/LLDPE/LDPE depending on the customer's orders or requirements. It could be under bottom seal or star seal, side gusset or without side gusset, in black or white or transparent film, on roll or on coreless roll or flat loose, etc.

e. Interleaved Bag On Coreless Rolls

Interleaved Bag with separated star sealed bag $\frac{1}{4}$ overlapped together on the coreless rolls. The popular sizes are as 40x48", 43x48", 38x60", 33x40", 37x46", 33x40", 30x37", 24x24", 24x33" with 8-20 rolls of 25-50 bags per carton.

III. UTILITIES

1. **Total Area:** sq. meters 1,296 with warehouses, office and production site included.
2. **Man-power:** more than 50 skillful experienced staff and operators.
3. **Machinery & production capacity:** All the machinery line is uniquely equipped at the same time from the Taiwanese technology. With the daily maintenance, our experienced technicians always enable modern machines at the top performance from time to time.

- a. Extrusion: A variety of machines in MILLION PACKAGING supply a wide range of products. These extrusion machines have an advantage of working with not only thick bags in many types of bags such as easy opening features, HDPE, LDPE, LLDPE material basis but also very thin bags (minimum thickness can be at 7 microns for HDPE and 15 microns for LDPE).

Furthermore, all the extruders and printing machines are in-line connection which make the production line effective and of high quality. The below is the range of machinery with different die-heads for many different common types of bag:

Extrusion	Size (Examples only)	No. of machine	Average capacity per month
35mm	10+5x18"-(8mic-13mic)	1	14,000 kgs
45mm	12x20"-(9mic- 12mic)	2	39,000 kgs
50mm	12x7x23"-(10mic-20mic)	9	216,000 kgs
65mm	24x8x36"-(21mic-60mic)	2	66,000 kgs
TOTAL		14	335,000 kgs

Table No. 3-1 : Extrusion capacity per month (size & thickness of bags just for reference)

- b. Cutting: With hi-speed cutting machines shall satisfy any customers with any orders/demands no matter what it is heat seal, bag on roll, bottom-welded seal and star-seal:

Kinds of bags	No. of machine	Capacity per month (pcs)	Percentage
Heat Seal for T-Shirt Bag (Vest Carrier Bag)	10	46,080,000	63.88%
Bags on roll (bottom-welded seal and star-seal)	4	13,824,000	19.16%
Bottom-welded Seal for Merchandise Bag	1	2,160,000	2.99%
Bottom Seal for Normal Flat Bag	4	10,080,000	13.97%
TOTAL	19	72,144,000	100%

Table No. 3-2: Cutting capacity per month for all kinds of bag

- c. Printing: With the rotogravure technology, the in-line printing can match the total throughput of extrusion with the high quality. We can have the very sharp pictures or photos printed with permanent durability. Furthermore, all the printing ink use is required to have certificates for lead-free assurance, which can be safe for food, bakery or drug-contact use.

Total: 13 printing machines with the features as follows:

- 4 color printing: 3 unit
- 2 color printing: 6 units
- 1 color printing: 4 unit

4. **Capacity:** The capacity of MILLION PACKAGING presently reaches around 20 x 20ft containers. In fact, the actual capacity of factory can be even higher than the above-mentioned number by 20% if the bag classification is well-arranged.

5. **Outstanding information about the factory products**

Aspects of bag	Unit	HDPE	L/LDPE
Maximum width (excluding side gusset or star seal)	mm	800	800
Maximum width for extrusion (open width)	mm	1000	1000
Maximum length	mm	1500	1500
Thickness (each layer)	microns	7-50	15-50
Maximum color print	colors	4	4
Side gusset	Yes/No	Yes	Yes
Bottom gusset	Yes/No	No	No
Main materials blended	N/A	HDPE/LLDPE	LDPE/LLDPE
Self-opening	Yes/No	Yes	No
Minimum height of bag header (blockedheader)	mm	25	25
Minimum order volume	kgs	1,000	1,000

- *Remarks: Self-opening feature is required to have the patent acceptance from the patent owner*

6. **Port of loading**

As the plant is located in Duc Hoa, Long An, nearby Ho Chi Minh City, all containers are, therefore, being carried from all the terminals at Ho Chi Minh City port, Vietnam.

4. **Lead time**

Within 20 days upon receipt of purchase order confirmation or/and L/C approval. For the repeat orders, the lead time will subsequently be around 7-10 days only. It is subject to final confirmation and agreement.
